Chapter 1 by lil mama

Please don't hurt me please. I don't want to be in here let me out. As I scream from the room. There was something else in the hospital room with me. It only comes out when the room is all dark. Its big, and has horns, and it walks like a human and its black. This creature like to eat human hearts and drink blood. It smelled like a human body that has been decaying for 20 years. It feels like hot and bumpy. I try to escape it but I can't. I try to fight him off, people don't believe me.
